

RAILING system

MODULAR

Update 2.0

A spellbinding
synchronicity of Advanced
Engineering and Impeccable Styling

Shivam Products is a renowned market leader in Modular Railing Systems under the brand name **S-Rail** with over two decades of experience in designing, manufacturing and installation of world-class modular railing systems. With our flexible assortment of **Aluminum, Steel and Wood Railing Systems**, we offer complete railing solution for commercial and residential applications from initial design ideas through to installation by shaping bright ideas into brilliant results.

From our beginning as a manufacturer of high-quality railing systems, we've held steadfast to our core beliefs of uncompromising quality, precision craftsmanship, and a customer-focused culture. We help infuse elegance into projects of all sizes with our elegant modular designs, unmatched quality, fast assembly and excellent safety - that is what our brand **S-Rail** stands for.

Profile

Functionally practical & aesthetically pleasing hand railing coupled with complementary glass and co-rail systems is a hallmark of today's contemporary & minimalist designs. With its emphasis on simplicity, elegance & crucially low maintenance our **S-Rail** range can accommodate all your requirements. Applied to grand staircases, walkways, balconies and overlooks, our architectural railings offer superior performance in a variety of styles. Our railing systems are used in a variety of public and private spaces, such as malls, commercial complexes, convention centers, hospitals, hotels, homes, and multistory apartments etc.

We differentiate ourselves from our peers through two significant ways – our unique products and our skilled craftsmanship. However, the most important product we provide is our customer service. Our goal is to give you the highest quality and superior value in the products you're looking for while supporting you with the best customer service in the business.

S-Rail is known for extensive range of premium quality modular railing systems and it's a legacy we're proud of. Today, we're committed to building on that legacy to lead the industry with the expertise of product development, precision manufacturing, our team, and services to give our clients the highest quality modular railing systems for the best value.

Frameless Top Mount Series

Material : Aluminium 6063T6
 Finish : Akzo Pc - PVDF - Wooden
 Function : Frameless Brackets with Continuous Cover Profile System
 Installation : Floor Mount

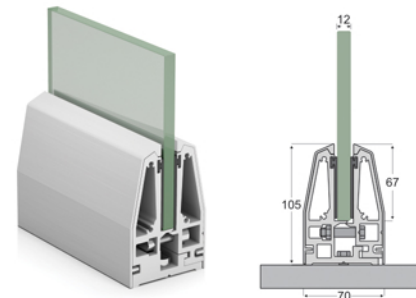

SRA 01

Brackets with Continuous Cover Profile Modular Glass Railing System.

SRA 01, It is Top Mount Glass Supporting System. Ideal for the glass railing system on a floor by using specially designed bracket.

The brackets are fixed with specially designed anchor fasteners, bolts and then covered with oval aluminum covers (profiles). This system allows the replacement of the glass without damaging the system or the floor.

The system is suitable for with 12mm thick glass and height up to 1000mm.

www.s-rail.in

SRA 01 SQ

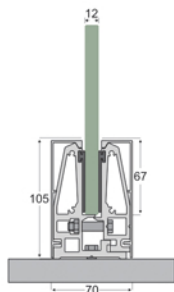

Brackets with Continuous Cover Profile Modular Glass Railing System.

SRA 01 SQ, It is Top Mount Glass Supporting System ideal for the glass railing system on a floor by using specially designed brackets.

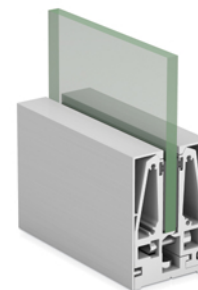

The brackets are fixed with specially designed anchor fasteners and Bolts & then covered with Square aluminum covers (profiles) this system allows the replacement of the glass without damaging the system or the floor.

The system is suitable for 12mm thick glass and height up to 1000mm.

Material : Aluminium 6063T6
Finish : Akzo Pc - PVDF - Wooden
Function : Frameless Brackets with Continuous Cover Profile System
Installation : Floor Mount

Frameless Top Mount Series

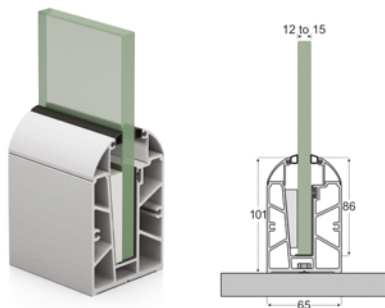

SRA 11

Continuous Profile Modular Glass Railing System.

SRA 11 is a Top Mount Glass Supporting System ideal for the glass railing system on a floor.

The continuous profile is fixed with specially designed anchor fasteners and bolts and system allows the replacement of the glass without damaging the system or the floor.

The system is suitable for 12-15mm thick glass and height up to 1100mm.

- Material : Aluminium 6063T6
- Finish : Akzo Pc - PVDF - Wooden
- Function : Frameless Continuous Profile Glass Supporting System
- Installation : Floor Mount

Frameless Top Mount Series

SRA 11 SQ

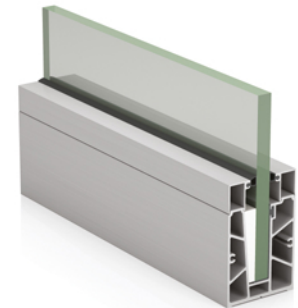

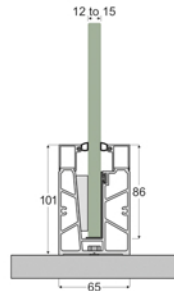

Continuous Profile Modular Glass Railing System.

SRA 11 Sq is a Top Mount Glass Supporting System ideal for the glass railing system on a floor.

The continuous profile is fixed with specially designed anchor fasteners and bolts and system allows the replacement of the glass without damaging the system or the floor.

The system is suitable for 12-15mm thick glass and height up to 1100mm.

- Material : Aluminium 6063T6
- Finish : Akzo Pc - PVDF - Wooden
- Function : Frameless Continuous Profile Glass Supporting System
- Installation : Floor Mount

SRA 11 SQ LED

Continuous Profile Modular Glass Railing System with option of Led.

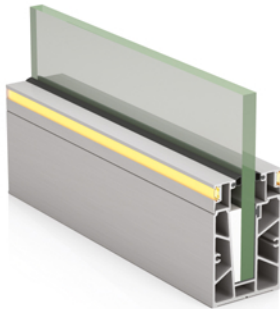

SRA 11 Sq Led is a Top Mount Glass Supporting System ideal for the glass railing system on a floor with option of mounting led lighting.

The continuous profile is fixed with specially designed anchor fasteners and bolts and system allows the replacement of the glass without damaging the system or the floor.

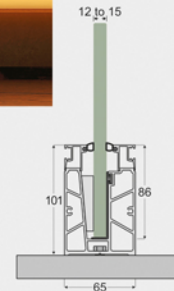

The system is suitable for 12-15mm thick glass and height up to 1100mm.

Frameless Side Mount Series

SRA 27

Bracket Profile Modular Glass Railing System.

SRA 27 It is Top Mount glass supporting system Ideal for the glass railing system on a floor or can be used in staircases.

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system.

The system is suitable for with 12mm thick glass and height up to 900mm.

Material : Aluminium 6063T6
 Finish : Akzo Pc - PVDF - Wooden
 Function : Frameless Brackets
 Glass Supporting System
 Installation : Floor Mount

 Glass Supporting System
 Installation : Floor Mount

www.s-rail.in

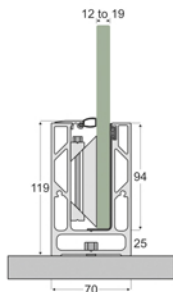

SRA 17

Bracket Profile Modular Glass Railing System.

SRA 17 is Top Mount glass supporting system Ideal for the glass railing system on a floor or can be used in staircases

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system.

The system is suitable for with 12mm thick glass and height up to 1000mm.

Frameless Top Mount Series

Material : Aluminium 6063T6
 Finish : AkzoPc - PVDF - Wooden
 Function : Frameless Brackets
 Glass Supporting System
 Installation : Floor Mount

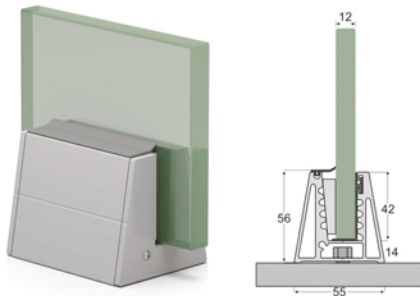

SRA 18

Bracket Profile Modular Glass Railing System.

SRA 18 It is Top Mount glass supporting system Ideal for the glass railing system on a floor or can be used in staircases.

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is most economical but provides impressive strength in small balconies.

The system is suitable for with 12mm thick glass and height up to 900mm.

Material : Aluminium 6063T6
Finish : Akzo Pc - PVDF - Wooden
Function : Frameless Brackets
Glass Supporting System
Installation : Floor Mount

Frameless Top Mount Series

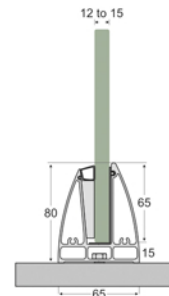

SRA 21

Bracket Profile Modular Glass Railing System.

SRA 21 It is Top Mount glass supporting system Ideal for the glass railing system on a floor or can be used in staircases.

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system for small and medium size balconies.

The system is suitable for with 12mm Thick glass and height up to 1000mm.

- Material : Aluminium 6063T6
- Finish : Akzo Pc - PVDF - Wooden
- Function : Frameless Bracket Glass Supporting System
- Installation : Floor Mount

Frameless Top Mount Series

SRA 03 SQ

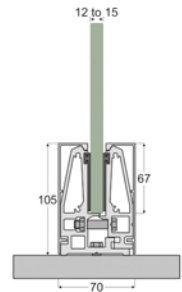

Bracket Profile Modular Glass Railing System.

SRA 03 SQ It is Top Mount glass supporting system Ideal for the glass railing system on a floor or can be used in staircases

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system.

The system is suitable for with 12mm thick glass and height up to 900mm.

Material : Aluminium 6063T6
Finish : Akzo Pc - PVDF - Wooden
Function : Frameless Brackets Glass Supporting System
Installation : Floor Mount

www.s-rail.in

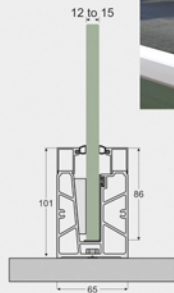

SRA 14 SQ

Bracket Profile Modular Glass Railing System.

SRA 14 SQ It is Top Mount glass supporting system Ideal for the glass railing system on a floor or can be used in staircases

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system.

The system is suitable for with 12mm thick glass and height up to 900mm.

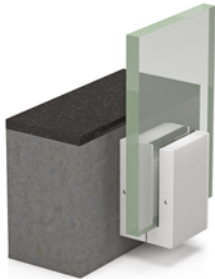

Material : Aluminium 6063T6
 Finish : Akzo Pc - PVDF - Wooden
 Function : Frameless Brackets
 Glass Supporting System
 Installation : Floor Mount

Frameless
 Top Mount Series

Frameless Side Mount Series

SRA BR 16

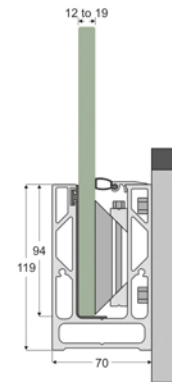

Side Mount Bracket Modular Glass Railing System.

SRA 16 BR is a Side Mount Glass Supporting System ideal for the glass railing system on side of the floor.

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system.

The system is suitable for 12-19mm thick glass and height up to 1000mm from FFL.

- Material : Aluminium 6063T6
- Finish : Akzo Pc - PVDF - Wooden
- Function : Frameless Side Brackets
Glass Supporting System
- Installation : Side Mount

Frameless Side Mount Series

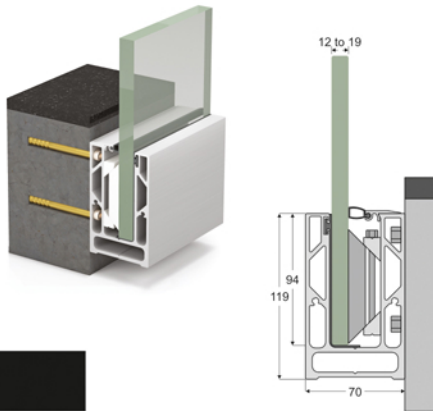

SRA CP 16

Side Mount Profile Modular Glass Railing System.

SRA 16 CP Side Mount Glass Supporting System providing highest safety for the glass Supporting system installed from side of the floor.

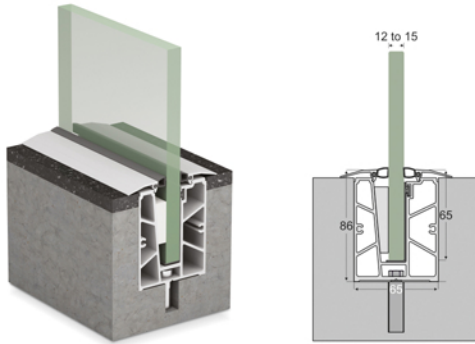

The Continuous profile is fixed with specially designed anchor fasteners and Bolts, system allows the replacement of the glass without damaging the system or the floor, The system is tested without using the handrail and provides ultimate Strength.

The system is suitable for 12-19mm thick glass and height up to 1200mm from FFL.

- Material : Aluminium 6063T6
- Finish : Akzo Pc - PVDF - Wooden
- Function : Frameless Continuous
Profile Side Mount
System
- Installation : Side Mount

SRA 11 Conceal

Continuous Concealed Profile Modular Glass Railing System.

SRA 11 Concealed Glass Supporting System Ideal for the glass railing system inside the floor, This System have unmatched ability to bring safety and providing unlimited view.

The Continuous profile is fixed with specially designed anchor fasteners and Bolts, system allows the replacement of the glass without damaging the system or the floor.

The system is suitable for 12-15mm thick glass and height up to 1100mm from FFL.

Material : Aluminium 6063T6
 Finish : Akzo Pc - PVDF - Wooden
 Function : Frameless Continuous
 Conceal Profile Glass
 Supporting System
 Installation : Concealed Mount

Frameless Conceal Mount Series

www.s-rail.in

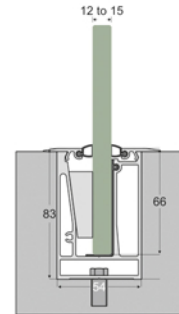

SRA 12 Conceal

Continuous Concealed Profile Modular Glass Railing System.

SRA 12 Concealed Glass Supporting System Ideal for the glass railing system inside the floor easy to install system provides unlimited clear view.

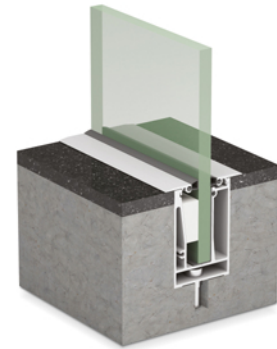

The Continuous profile is fixed with specially designed anchor fasteners and Bolts, system allows the replacement of the glass without damaging the system or the floor.

The system is suitable for 12-15mm thick glass and height up to 1000mm from FFL.

- Material : Aluminium 6063T6
- Finish : Akzo Pc - PVDF - Wooden
- Function : Frameless Continuous Conceal Profile Glass Supporting System
- Installation : Concealed Mount

Frameless Conceal Mount Series

SRA 15 Conceal

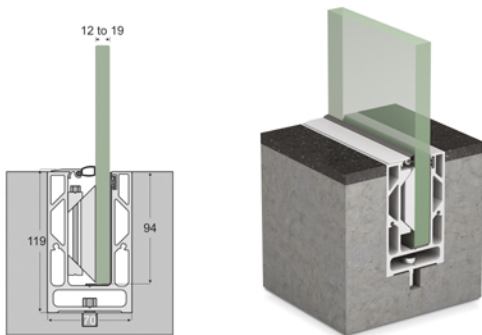

Continuous Concealed Profile Modular Glass Railing System.

SRA 15 Concealed Glass Supporting System providing highest safety for the glass Supporting system installed inside the floor.

The Continuous profile is fixed with specially designed anchor fasteners and Bolts, system allows the replacement of the glass without damaging the system or the floor. The system is tested without using the handrail and provides ultimate Strength.

The system is suitable for 12-19mm thick glass and height up to 1200mm from FFL.

- Material : Aluminium 6063T6
- Finish : Silver PVDF - Wooden
- Function : Frameless Continuous Conceal Profile Glass Supporting System
- Installation : Concealed Mount

Frameless Conceal Mount Series

Frameless Side Mount Series

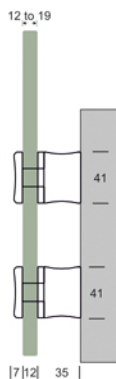

SRA 23 (PF)

Side Mount (Point Fitting) Modular Glass Railing System.

SRA 23 It is Side Mount glass supporting system Ideal for the glass railing system From the side.

The brackets are fixed with specially designed anchor fasteners and Bolts, Bracket system is economical but provides equivalent strength to other system for small and medium size balconies.

The system is suitable for with 12mm Thick glass and height up to 1200mm.

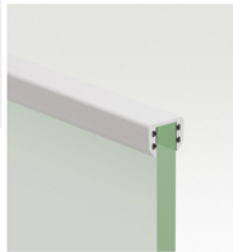

Material : Aluminium 6063T6
Finish : Akzo Pc - PVDF - Wooden
Function : Frameless Bracket Glass Supporting System
Installation : Side Mount
